

**Western Association of State Highway  
and Transportation Officials**

**Resolution 2-00**

**2000 WASHTO Sub-Committee on Maintenance**

**Whereas,** the MUTCD update is open for public comment, and

**Whereas,** the current draft proscribed post mounted edge delineation (guide posts) as a non-optional (shall) feature on freeways, and

**Whereas,** satisfactory edge delineation may be achieved by other methods, such as raised pavement marking in non-snow areas, and

**Whereas,** AASHTO through its committees and sub-committees represents the state highway agencies charged with maintaining freeways,

**Be it therefore resolved,** that WASHTO is opposed to the MUTCD requirement that prohibits options for edge delineation.

**Be it therefore resolved,** that this resolution be sent to AASHTO for their consideration and adoption
